EXPERIENCE

HashMicro

Jakarta, Indonesia

Feb 2025 – Feb 2026

- **Web Developer Intern**

- Maintained high-traffic "moneysites" and 3 official blogs across 4 Southeast Asian regions, supporting over 200,000 monthly active visitors and ensuring 99.9% uptime.
- Collaborated with the developer team, backend developers, and SEO Specialists to ensure the websites ran smoothly and met international brand standards.
- Created various new components such as widgets, popups, Call to Actions (CTAs), and forms, and standardized the "Hashy" navbar across all regional sites.
- Developed applications from scratch, including a Cash Book, a POS (Point of Sales) system, and a Work Schedule Maker for HashMicro Indonesia and Philippines.
- Executed responsive design and asset compression strategies, boosting Google Lighthouse performance scores by 30 points and reducing page load latency by 20% for mobile and desktop users.
- Diagnosed and resolved over 150 critical configuration and redirect issues monthly across Indonesia, Singapore, Malaysia, and Philippines domains, minimizing localized downtime.
- Supported the SEO team by improving blog structures, reorganizing categories, and adjusting content to optimize it for digital campaigns.
- Developed a custom Admin Dashboard for the SEO team, automating data entry for analysis and reducing manual reporting time by 10 hours per week; optimized site architecture to increase organic search visibility by 80%.

ORGANISATIONAL EXPERIENCE

BNCC in BINUS University

Jakarta, Indonesia

Mar 2022 - Jul 2022

- **Membership**

- Participated as a member of Bina Nusantara Computer Club through test.
- Receive training related to soft-skill, and hard-skill.

- **Publication & Registration Committee of BNCC Tech Up 2024**

Feb 2024 - May 2024
